C. P. S. SPRING CONCERT VERY SUCCESSFUL

"A Visit to the Museum" the Crescent Park School Concert directed by Mrs. Charles Gyp- per held Friday, May 14, de- serves a tremendous hand of applause. It was a most unusual program done with the touch of finesse which made it a real production. The combining of art with music was cleverly ar- ranged, the pictures posed so expertly in the background, while music of the period ac- companied the showing. An- nouncers for each picture spoke very well with information which made it even more inter- esting. The announcers were: Dean Walker, Carol Richard- son, Brian Stowell, Michael Inman, Frances Thurston, Brenda Tibbets, Nancy Young, Mike Myers, Carol Brown, Wan- da Chayer, Susan Hutchins, Sharon Walters, Karen Wal- ters, Barbara Bane, Mary Hil- lier, Steven Carter.

An outstanding musical mem- ber which was not listed on the program was a vocal duet by Dorothy Lovejoy and Diana Walker. The band gave an ex- ceptional performance. It is a band of which to be very proud. The whistlers, who really whis- tled, and well, were: Danny Wheeler, Ronald Deegan, Rex Cummings, Ralph Swan, Clyde Crockett.

The fine harmony of the trumpeters was played by Dan- ny Vogt, Susan Hutchins, Beve- rly Jackson, Ross Timberlake.

Much credit for this fine pro- duction goes to the people who cooperated so well with Mrs. Gyp- per's excellent planning. Among those were Mr. and Mrs. Leland Brown, Mr. and Mrs. Colwyn Haskell, Mrs. Francis Berry, Dana Douglass Jr., Mrs. Lincoln Fiske, Miss Helen Var- ner, Mrs. David Thompson; Pianist, Mrs. Arnold Brown; Organist, Mrs. Norman Dock. The stage hands should receive many congratulations, as a show could not go on without them: Paul Salway, Alden Mason, Harry Bliswell, Ronald Bane, Jim Lowe and Michael Gordon did a fine job. Jimmy Lowe did the art background in the "Am- erican Gothic."

COMMENTS FROM THE TOWN MANAGER'S OFFICE

A few people have contacted me about spots on their cars that appeared after the spray- ing for Dutch elm disease was done. I talked with a represen- tative of the tree firm and he said the spots could not be wash- ed off with one washing but they would disappear after three or four washings. He ex- plained that the spots were caused by the spray getting in- to the wax on the car. The spray will not hurt the finish of the car and the spots will disappear after the car is wash- ed a few times.

A manhole was constructed on Broad Street beside the com- mon this past week. The Para- dise Street and Broad Street sewers bothered a lot last fall and winter but they have not bothered much lately. A couple of more manholes will be con- structed on these streets and they will be pretty well served. From four to eight manholes have been added each of the last few years. It will take a few more years but eventually the whole sewer system will be adequately covered. The amount of grease and detergents that are poured into the sewer line has increased a great deal the last few years and quick ac- cess to the sewers is essential.

The calcium chloride that will be used this summer has been shipped and should arrive in a few days. Less calcium is used each year. One reason is that the amount of dirt roads is de- creased a little each year. An- other reason is that a certain amount of the calcium applied the previous year remains in the road. After a few years the amount of calcium required is re- duced.

The Appraisal Associates met with the selectmen on Saturday, May 15, and discussed the as- sessing work that might be done this summer. A definite proposal will be made by the Appraisal Associates at a later date.

OPEN HOUSE AT GOULD TODAY

Gould's two vocational educa- tional departments are holding open house today, May 20, in their respective quarters at the school.

Mr. Andersons Manual Arts Exhibit will be held in the basement of Hansecom Hall from 2:00 to 5:00 in the afternoon and from 6:30 to 8:00 in the evening.

Miss Minot's Home Econo- mics students will greet parents and other interested persons at the Cottage headquarters be- tween 3:00 and 5:00 p. m.

It is hoped that a large num- ber of parents and friends will want to drop in to see what these young people have been doing in these two areas of study.

Susan Vogt, daughter of Mr. and Mrs. Frank Vogt, has been selected as "Miss Poppy 1965." Susan is a sub-primary student at the Ethel Bisbee School. She will participate in the distribu- tion of poppies on Poppy Day —May 21 and 22—conducted by the American Legion Auxil- iary.

WEEK IN OXFORD CO.

Virginia Phelps and Cheryl Gibbs, sophomores at Stephens High School, Rumford, will at- tend the United Nations in June. They are representing Re- beka's District 8. Mrs. Phelps is the daughter of Mr. and Mrs. Robert Phelps, East Rumford. Miss Gibbs is the daughter of Mrs. Viola Gibbs, Virginia sec- tion of Rumford, formerly of Bethel.

Rumford Wild Animal Park has added "Saucy," an 8½ pound jaguar cub to its wild animal display. The cub was born in captivity at a zoo in Chicago.

Bouffard's Furniture Com- pany is rebuilding at the site of the Jan. 24 fire (Corner Es- sex Ave. and Waldo St., Rum- ford). The building will be a flat roof cement block building and will be larger than the former building. The proposed cost of the structure is \$100,000.

PROPOSED SCHOOL DIST. DISCUSSED AT SATURDAY MEETING

The steering committee for school study in the towns of Andover, Bethel, Greenwood, Newry, West Paris and Wood- stock met Saturday at the Crescent Park School. Chair- man, Norman Greig, presided at the meeting.

Lester Bickford, Greenwood, chairman of the location com- mittee gave the committee's re- port on the study of possible sites. Sites reported on were, with the exception of the area around the Crescent Park School, all on the Bethel-Locke Mills road.

They were the Spinney prop- erty, near the Chadbourne Lumber Co.; Brooks property, about a quarter mile off Route 26, opposite the residence of Dr. James Hudson; Laxton property, across from the Western Auto Store, and the site of the former Grafton Lumber Co. mill.

The area around the Cres- cent Park School was not con- sidered large enough to allow for future expansion and the Grafton Lumber Co. site was not recommended because of grading. The committee, voted to request the superintendent school committees in the towns of Andover, Bethel, Green- wood, Newry and Woodstock to hold meetings to adopt a resolu- tion to petition the State School Board for permission to form a School Administrative District comprised of the five towns.

Bethel, Greenwood and Woodstock school committees met Saturday with committees for Andover and Newry meet- ings Monday evening.

Horace P. Maxey, superin- tendent of schools, and repre- sentatives from the various towns will meet with the State School Board at Augusta, Thursday (today), to present the petition. If this is approved selectmen and school commit- tee members from each town will meet to determine the num- ber of School District Directors and the number from each town. After final approval town meetings in each town will be held in July to vote on for- mation of a School Administra- tive District. It is hoped that plans for the proposed new high school may be completed in time for construction of the building to be put up for bids by Febru- ary, 1966, with construction to be started in the spring and the building ready for use by the fall of 1967.

BASEBALL MEETING

There will be a meeting of those interested in town team baseball at the Methodist Church Annex Friday, May 21, at 7:30 p. m.

NEW TREE FARMS ARE DEDICATED AT RUMFORD MEETING

Three new Certified Tree Farmers received the Tree Farm signs and Certificates during the dinner meeting of the Western Maine Forest For- um held on Monday, May 17.

During the afternoon the group, representing wood us- ing industries and woodland owners, enjoyed a guided tour of the Andover Wood Products mill in Andover.

Following the afternoon mill tour, 61 members of the Western Maine Forest Farm Forum and guests met at the Madigan Motel in Rumford for a dinner meeting.

The owners of three new Tree Farms were present with certi- ficates confirming them as mem- bers of the American Tree Farm System. The new Certified Tree Farmers are: Theodore A. Smart, Rumford, with 35 acres in Peru; Peter and George

Haines, Bethel, 123 acres; and Ernest and Alberta Angevine, Bethel, 70 acres. The presen- tation was made by Richard S. Waldron of Bethel in behalf of the Maine Tree Farm Commit- tee.

Mr. Smart and the Haines brothers are members of the Oxford Paper Company Tree Farm Family.

New officers for the Western Maine Forest Forum to serve during the 1965-66 season were chosen. They are: Chairman, Joseph M. Lunsha, Utilization Forester, Maine Forest Service; and Secretary-Treasurer, Ken- neth Woodsam, Forester, S. D. Warren Company.

LOCAL CITIZENS DISCUSS TEEN PROBLEMS

Representatives of the town of Bethel met on Thursday, May 13, to discuss the teen pro- gram offered in town. Rev. Charles Nelson presented a tap- ed speech by Attorney General Brooks of Massachusetts who discussed the problems of law- lessness in our nation and prob- lems involved in crime preven- tion and preservation of free- dom from fear.

Following the recording the group of citizens, representa- tives of varying aspects of the community discussed the prob- lems of delinquency and ade- quate programming for teenag- ers.

In Bethel, it was pointed out, there are two types of problems pressing upon us. The first is the problem of providing the teenagers with immediate pro- visions for a summer program this year. The second and more

important for the long range good of the community is the problem of youths from other communities who come to Beth- el for their recreation and the problem of young people who do not come in contact with the program offered through the teen council at the present time.

The problems having been more clearly outlined, another meeting date was set, Sunday, May 23. At this meeting some of the law officers are planning to contribute their understanding of the problem in Bethel and how it relates to the law.

Present at the meeting were Mr. and Mrs. Donald Walker, Rev. Clifford Laws, Rev. Charles Nelson, Rev. Donald Hays, Ralph Ryder, Carroll Val- entine, Mrs. Pauline Chapin, Michael Houlihan, Rodney Fames.

The Bethel fire department was called to the Hanover Dow- el Co. last Saturday morning. Loss was confined to water dam- age of finished goods stored in the effected area.

Mrs. Carl Leonard of Bishopston, Que., Canada, came on Friday, to spend a week with her sister-in-law, Mrs. Lona Gilbert.

Recent visitors of Mrs. Eleanor Lovejoy and Lillian Lovejoy were Mr. and Mrs. Ward Steady of Berlin, N. H., Mrs. Bruce Bartlett and children of Marblehead, Mass., Mrs. Clarence Rolfe, Mr. and Mrs. Ivan Garey and family, Mr. and Mrs. Raymond Greenwood and son, Vance, all of Bethel.

Gordon Hibbard and sons, Jay and Gary, Portland, spent the week end with his parents, Mr. and Mrs. Wallace Hibbard. Mrs. Gordon Hibbard left Portland the last of the week by jet for England where she will visit

aunts, uncles and other relatives. She expects to be away at least two weeks.

On Saturday, Wallace Hibbard, Gordon Hibbard and sons, were planting on Gordon Hibbard's place in Mason when out of a clear sky a cone shape cloud appeared from near Caribou Mt. and came down, gathered up all the packages of seeds and scattered them all over the orchard near where they were planting. They were told it was like a mountain twister.

Recent visitors at Mr. and

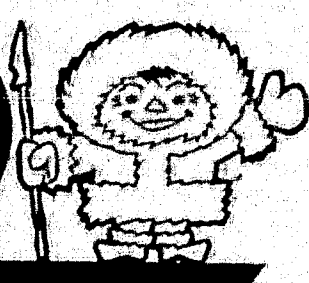

Mrs. Arthur Johnson's were Mr. and Mrs. Rodney Jordan of South Paris.

Mrs. Richard Bean of Bethel and Mrs. Arthur Johnson attended the Eleanor Gordon Guild mother and daughter banquet at Sunday River Inn on Wednesday of last week.

Timothy Ramage, son of Mr. and Mrs. Kenneth Ramage, of Bethel, has won third honors in Bridgton Academy's graduating class this spring. He is a member of the post-graduate class and a graduate of Gould Academy in the class of 1964. Ramage has been active in the outing club and the ski team. He is also a member of the golf team and participated in varsity soccer last fall. He will attend the University of Maine next year. Ramage is one of four student speakers who will appear on the Bridgton Academy commencement program Sunday, June 6.

BETHEL LIBRARY Adults: "The Overweight Society," by Peter Wyden. "An authoritative, entertaining investigation into the facts and follies of birth control."

"Land of the High Flies," by Rosanne Klass. Rosanne Klass, spending two years in Afghanistan, came to love the land. "This book vividly recreates the adventures of those years."

"Bell Call," by Sylvia Ash. Warren. "The novel is set in New Zealand in the present. Earl, a young woman," is "totally committed to her belief in freedom."

"A Candle in Her Heart," by Emilie Loring. "A love story simply and beautifully told" in a "background of glittering society and intrigue."

Young People: "Master Detective," by Al Pinkerton. This is the story of the founder of the celebrated detective agency.

"Stormy Knight," by Sir William Phips. This book reads more like fiction than the true story it was.

Juniors: "The Velvet Room," by Z. K. Snyder. Robin was always wandering off. As time went on the "Velvet Room" dream might have been preferred to reality.

"The Wind," by Jeanne Hendick. A book of fact and entertainment.

CARD OF THANKS I wish to express my sincere thanks to my relatives and friends for their kind cards and gifts and also the kitchen and pantry help at Gould, Mrs. Goggin, and Pleasant Valley Grange, while I was at the Stephens Memorial Hospital. Mrs. Grace Morrill

The program could not have been produced had it not been for the weeks of work on the part of Mrs. Leland Brown, Mrs. Lincoln Fiske and Mrs. Colwyn Haskell.

To the children in the pictures, the chorus, and the band, thank you for a very good performance. Edith Eypner

WEAR A POPPY!—POPPIES TO BE SOLD THIS FRI. & SAT.

On May 21 and 22 members of the American Legion Auxiliary will join together to distribute the tiny red crepe paper poppy, a symbol to remind us perpetually of the sacrifice made by our nation's defenders in three great conflicts.

As you wear your poppy, let it remind you of the nation's war dead, but remember that it is assisting the wars' living victims. Listen! the poppy speaks to those who pause to hear its message. It tells of our debt to those who made the supreme sacrifice that we might enjoy liberty. It tells of the disabled veterans and the needy child who will need assistance from the Poppy Program.

"The Poppy of Sacrifice" "Little Flower of Red" Proudly lift your head You're the symbol of heroes brave Each poppy fair is for a boy over there

Made by others whose lives were saved Let us help them live Let us gladly give For the Poppy of Sacrifice"

Andover-East Andover

— Mrs. Violet Swain, Cor. —

A group of Andover High students, who have participated in athletics, attended the banquet held at Potter Academy on May 15 accompanied by Mr. and Mrs. Duane Adams, Mr. and Mrs. Charles Cutting and Mrs. John Reed. Students making the trip were Victoria Simmons, Sandra White, Kenneth Merrill, Charles Marston Jr., Marshall Meisner, Alice Smith, Fred Emerson, William Simmons, Roger Mills III, David Hutchins, Kenneth Rodery, Douglas Poor, Charlotte Conledge, Paula Poor, Donna Meisner, Barbara Leonard, Sharon Conledge, Susan Richard, Ruth Rodwell, Margaret Mills and Mary Abbott. The banquet was given for the schools who compete during the year in the OHSAA. Part of the entertainment was by the "Super-Sonics," a dance band with Theresa Gallant, Marshall Meisner, Samuel Gallant and Arthur Rodwell as the musicians.

Mrs. Clarence Smith, her two granddaughters, Deborah and Victoria Meisner, her daughter-in-law, Mrs. Orville Meisner and two children, Diane and Gary, left May 16 for a trip to New York and New Jersey. They planned to attend the World's Fair.

A meeting of interested residents of Andover was held at the Town Hall on May 13 to discuss the possibilities of a School Administrative District in the Bethel area.

The meeting was attended by Supt. Fred E. Allen and the following members of the Andover School Study Committee: Mrs. Robert J. Swain, Mrs. Frank Morgan, Charles Cutting, chairman, Harold Falkenhain, Colby Roberts, Claude Blanchard Jr., Donald French and Thomas Palmer. Dr. F. F. Felt to attend were Robert Felt, Douglas and David Perceval. Guests from out of town taking part included Supt. Horace Moore, Bethel, Theodore Chadbourne, Bethel school board, Wilbur Moore, Bethel Academy, Charles Hemen, principal of Bethel School, Bethel, and Dan McAllister, principal of Andover High.

Supt. Allen showed a film put out by the State Department of Education concerning the criteria to be derived from a School Administrative District. This film depicted specifically the facilities at the Administrative District Bethel High School.

Supt. Allen and Supt. May spoke at length on the advantages and disadvantages of a School Administrative District and conducted a question and answer period. Charles Cutting spoke in favor of joining with the Bethel group in the formation of a School Administrative District and asked for an informal vote of approximately 15 in favor, present and voting. He asked in favor of requesting preliminary approval of the State Board of Education for the formation of a School Administrative District in the Bethel area.

It was pointed out at the meeting that the vote request, the preliminary approval was not the final vote of the town on the issue of the formation of a School Administrative District.

Hal Arnold and Arthur Poor have gone to Eugene, Ore. to open their respective summer camps.

POPPY DAY 1965

To rekindle the flame of remembrance for those brave men and women who died in defense of America; to help those who, though living, gave their health and strength in three mighty conflicts; this is the story of Poppy Day 1965. For gratitude coupled with a desire to serve is a thread which runs glowing and constant through the year-long tradition of Poppy Day.

Poppy Day is ever new, now in terms of increasing devotion to welfare of our disabled veterans and their families; new in reaffirmation of heartfelt gratitude to those who gave their lives in protecting our way of life; now in growing dedication of volunteer service aimed at strengthening our free heritage. These basic tenets of American Legion Auxiliary work are at the heart of every annual Poppy Day observance.

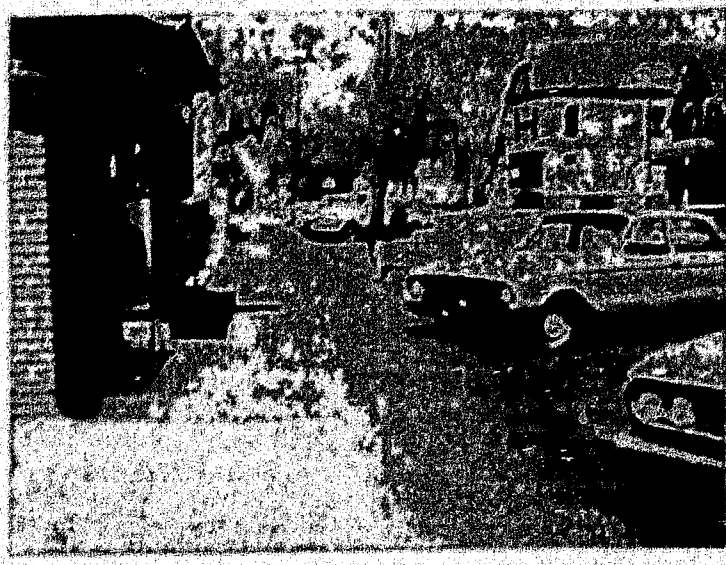

Gratitude for the hard-earned freedom for which thousands of fighting men gave their lives; the Auxiliary members more than four decades ago to establish the first Poppy Day as a tribute to our war dead. The brilliant scarlet poppy which grew in profusion in the battlefields of France and Flanders in World War I was chosen as the symbol of this memorial event, celebrated in most communities throughout the nation in the week before Memorial Day.

Poppy Day in Bethel will be observed on Friday and Saturday, May 21 and 22, according to Mrs. Edith Smith, President of Mundt-Allen Unit of the Auxiliary which sponsors the event each year locally. Poppies which will be distributed throughout the town by volunteer Auxiliary members on these dates have been fashioned by disabled veterans who receive payment for their work. Auxiliary members provide material for making the poppies, free of charge. All other work done in conjunction with the event is on a volunteer basis.

Contributions received by volunteer Auxiliary members who offer poppies to passers-by on street corners on Poppy Day will be used exclusively for veteran rehabilitation and child welfare work. Most of the funds donated in this area remain here for veteran rehabilitation and child welfare work.

Disabled veterans numbering from 6,000 upwards begin their work of fashioning the poppies in the autumn months preceding the observance of Poppy Day in the spring. If they never made the blossoms before they are taught by Auxiliary volunteers who spend over a million hours yearly in this and other services to hospitalized veterans. Payments to veterans for their work total \$300,000 annually.

Poppies were by 20 million Americans in annual tribute to the 10,000 miles of crops paper and 2,500 miles of wire.

Portion of Street and Sidewalk Resurfaced. Two weeks ago, May 6 and 7, the sidewalk, pictured above in front of the Bethel Spa, Post Office, A. & P. Store, Hall's Barber Shop, Ruth Beauty Shop and a little beyond was resurfaced with hot top. During this operation the

OXFORD COUNTY SCD CELEBRATES SOIL STEWARDSHIP WEEK

The supervisors of the Oxford County Soil Conservation District join clergymen and conservationists all over the United States in celebrating Soil Stewardship Week.

The special week is to be observed nationally from May 23 to May 30. The concept of Soil Stewardship Week is that "The earth is the Lord's", and that the present owners and operators are its stewards.

The theme of Soil Stewardship Week this year is "Challenges of Growth." Norman H. Gray, Fryeburg, chairman of the district board of supervisors points out and encourages land owners to consider these points: Growth is a call to leadership and a test of one's faith in God. Growth demands one's involvement for true growth is rooted in people. Growth compels planning and orderly development to avoid waste. Growth is the evidence of chance, which is inevitable. Growth opposes the persistence of poverty, which denies dignity—it enlarges responsibility, invites cooperation and reveals opportunity—it can be the avenue to an ever expanding future.

The district supervisors have provided booklets to some 35 clergymen in the county. This booklet may be used as a source for sermons on Soil Stewardship. Inserts for church bulletins are provided to the clergymen. These inserts have a message on the challenges of growth.

National organizations celebrating Soil Stewardship Week include the National Association of Soil and Water Conservation Districts, National Catholic Rural Life Conference, The National Lutheran Council, the National Council of Churches of Christ and the Southern Baptist Convention.

street level at the curb was also raised which allows parking without bumpers dragging on the sidewalk.

GOULD SITUATION DISCUSSED

Conclusion of remarks made on April 6 by William M. Throop, Jr., Gould trustee, at a meeting of the Greater Bethel Chamber of Commerce. The initial segment of Mr. Throop's remarks appeared in the Citizen last week.

Gould and the Town of Bethel were fortunate in the consultant who was retained. Dr. Francis Parkman had been recommended by the Dean of the Harvard School of Education. He had ideal qualifications for the task. Born in New England he had lived there substantially all his life. He maintained a summer residence in the State of Maine and was familiar with the problems of education in the State. He had been for 12 years Headmaster of a boys' boarding school, and had then served for some 15 years as Executive Secretary of the National Council of Independent Schools.

Dr. Parkman met with the Committee on several occasions. He conferred with Mr. Vachon, with officials of the State Department of Education, with heads of colleges and schools, and with many of you know with school and town officials in Bethel in September, 1964. On October 6, 1964, he presented his report to the Board of Trustees at its autumn meeting which confirmed the conclusions of the Gould Committee as to the four alternatives.

At that meeting the Gould Trustees concluded that two of the four choices offered the greater promise. One was to become a comprehensive school. The other was to become a junior college, perhaps independently, perhaps under the auspices of one of the private state colleges, or perhaps as a part of the State University. The Board determined that a more thorough analysis should be made of these possibilities. Accordingly Messrs. Vachon and Stowell undertook to study the estimated expense to Gould if the alternative of becoming a comprehensive school was adopted, and of the estimated expense to the Town if Gould should cease to function as the local high school and the town should in conjunction with neighboring towns form a "School Administrative District".

The Board of Trustees instructed the Committee to confer with representatives of the University of Maine about the possibility of its establishing a branch on the Gould campus. Following such a conference with President Elliott and several University of Maine trustees, a representative of the University spent some days in Bethel inspecting the Gould plant. He reported favorably on its location and suitability for college purposes and President Elliott indicated to the Gould Committee in November that the University would like to pursue the subject further.

In December, 1964 the Committee met in New York City to evaluate the financial figures prepared by Messrs. Vachon and Stowell. The figures confirmed that heavy expense to Gould would be involved if Gould were to become a comprehensive school. Not only would substantial capital funds from private sources be required for new facilities and for enlarging existing facilities, but future deficits would probably be larger than at present. The figures also showed that because of state subsidies available under the State Law enacted in 1967 the Town of Bethel and

surrounding towns might well be able to form a School Administrative District and construct and maintain a high school at a cost which over a period of years might not exceed the amount which the Town was paying—and might in the future be expected to pay—to Gould.

Further, the Committee was troubled by the question of whether a traditional New England academy serving both a day and boarding population could in the future be operated successfully. During the last few decades many such academies have been forced to become exclusively day schools, or exclusively boarding schools. Others have closed their doors, and those which continue to exist are with few exceptions encountering difficulties with their boarding departments. Thus there was the distinct possibility that Gould could not successfully continue as a comprehensive school with both a day and a boarding department.

For these reasons the Committee tentatively concluded in December, 1964, that the best way to continue the traditions of Gould would be to become a junior college. That course of action was consistent with Gould's traditional role of serving the area as an institution of higher education. Higher education has just moved a step higher these days. A high school education is not enough for those who should have an opportunity for more advanced education. Further a college is a desirable attribute to the community in which it is located, for it enhances the community economically, educationally and culturally.

At that time the Committee had in mind that any such change would not take place for some years, but when the Maine Legislature convened in January, it evidenced a great interest in rapidly increasing the facilities for higher education throughout the state. A crash program to increase substantially the educational opportunities and the educational facilities of the State University was suggested and is now before the Legislature with the Governor's approval.

A part of this program would involve the establishment of branch colleges. Further, a bill was introduced in the State Legislature which would make mandatory the establishment by 1970 of school administrative districts. If passed that bill would mean that Gould could not in any event continue to serve the local students as a completely independent school.

At this point President Elliott indicated that if Gould were seriously interested in the establishment of a branch college of the University on its campus, prompt action should be taken to evidence that interest as he had to present to the Legislature by the end of February his proposed expansion program. This fact precipitated the letter from Sidney W. Davidson, the President of the Gould Board of Trustees, to Norman Greig, First Selectman of Bethel, on February 18, 1965.

Before sending that letter Mr. Davidson wrote to each Gould trustee reporting the facts and enclosing a copy of the proposed letter to Mr. Greig. When he was satisfied that every trustee approved the proposed plan of action he sent the letter out.

That brings us to the present time. No final decision has been made and no final decision will be made until the Gould Trustees meet in June. However, I believe all the Gould Trustees have indicated informally that the proposal should be beneficial to the town and to Gould and that it seems to be the best possible solution.

It is particularly gratifying to have the enthusiastic approval of the proposal by two of the local trustees whose families have long been identified with Gould. Harry Mason is a Trustee Emeritus and his ancestors have been associated with Gould for many years. Tonight, with his permission, I would like to read the following letter that he wrote to Mr. Davidson on February 24, 1965:

Dear Sidney,
Muriel and I are tremendously interested in your letter regarding the merger of Gould with University of Maine. As an

"old timer" whose family roots are entwined with those of Gould, I shall regret the loss of Gould's identity as an institution. The association of my forbears with Gould Academy became, through the years, a family tradition. My uncle, Dr. Moses Mason was, for fifteen years, President of the Gould Trustees—until his election to the House of Representatives in Washington. (He made the journey from Bethel to Washington on horseback.) Both my father and his brother Oliver were trustees for many years, and at Oliver's death his widow was elected trustee, and remained so until her death in the 1920s. There were also my in-laws—Major Hastings, William Hastings, and Agnes Straw Hastings—each an influential trustee of Gould.

I have also a personal interest in the University of Maine. Not only because my brother was a graduate, but more especially because my favorite uncle was President Fernald, for years the University head, and to many alumni, its greatest and best loved President.

Thus from a personal viewpoint, the proposal has definite appeal. Considered more objectively, it would seem to offer an excellent solution to the problem involved. And obviously, a branch of the University at Bethel would be a financial and cultural asset to the town. Any effect on the tax rate would seem to be of minor importance. Therefore the program has my approval. However, I shall be interested to know if the legal status of the Gould property will remain unchanged, or if the title, by sale or gift, will be transferred to the University.

Our best wishes to you and Mrs. Davidson for a pleasant Florida vacation.
Sincerely,
Harry (By M.)

I should also like to read another letter which conveys a wealth of feeling and understanding. It is a letter from Robert Hastings to Mr. Davidson dated February 16:

Dear Sidney,
The feeling of one closely associated with the tradition of Gould as it has existed and developed over the years, as it now passes on to what would seem to be a broader and more mature sphere of service, is not unlike the feeling one experiences at the marriage of a son or daughter. You and I should be familiar with that feeling. And, while with poignant regret we note the passing of the things that are and have been and can be no more, we recognize the need for change, and look forward with hope, courage and anticipation to the future.

As you know, my great grandfather was a member of the first Board of Trustees of Gould Academy. Several of his descendants have been Trustees. It has been one of the richest experiences of my life to have been associated in a humble way with men like yourself whose dedication to Gould Academy has made possible the school of which we are so proud.

Ed has done a tremendous job in exploring the various possibilities for Gould. I am very enthusiastic about Gould becoming a branch of the University of Maine. Our state has a problem in expanding facilities at the college level and this will help supply that need.

I believe that the proposed solution will be better accepted by the local people that any other of the alternatives under consideration. Area students will have the opportunity to get at least two years of college training nearer home. The new area high school will be able to offer a good industrial arts course which is badly needed.

One thing that will be missed is the influence of the boarding student on academic life which has served to give the Gould student a more cosmopolitan outlook on life which is not available to the ordinary high school student.

I am pleased that Dr. Elliott's announcement will come before Town Meeting as it should serve to get the wheels turning more quickly. With best regards to you and Mrs. Davidson,
Cordially yours,
(Signed) Bob Hastings
As to the future, there are

many things to be decided. Further meetings are scheduled with President Elliott and Trustees of the University of Maine. The mechanics of the transfer will be complicated and Gould's lawyers are at work considering the many legal questions involved.

I want to close with one thought and then I will answer any questions or will refer to Messrs. Vachon and Stowell if I cannot answer them. On behalf of the non-local trustees in particular I would like to assure you that in analyzing these questions we have exercised and will continue to exercise our ability to exercise judgment to the end that a solution which is reached will be in the best interests of the Town of Bethel as well as Gould Academy.

The following questions were asked:

Mr. Stowell: There is one question, I think, in the mind of the people about the association between the Bingham Associates Fund and the Gould Academy Trustees and Trustees of Mr. Bingham's estate. Can you clarify that?

Mr. Throop: I am glad to mention that. First, I should like to clarify that fact that Gould Academy is owned by the Trustees of Gould Academy. The four "Bingham Trustees" are Trustees of Gould Academy but they do not determine the destinies of Gould Academy. The Gould Board of Trustees consisting of 18 members, of which a majority are alumni residents of Bethel control Gould Academy.

A number of years ago Bingham founded the Bingham Associates Fund. It is a charitable corporation organized under the laws of the State of Maine, the primary purpose of which is the advancement of rural medicine in the State of Maine. The Bingham Associates Fund was a pioneer of kind in rural medicine and known about the world for development of techniques, bringing the latest knowledge of medical developments to the attention of rural and semi-rural hospitals and doctors.

Bingham Associates Fund has headquarters in Boston, New England Center Hospital. Mr. Bingham contributed substantially to the development of the hospital which sends medical technicians throughout the State of Maine to cooperate with hospitals. The B. A. F. also operates a service for State of Maine doctors and hospitals under which they may refer difficult cases to the hospital for diagnostic care and treatment. This program has reached world-wide recognition.

There are fourteen Trustees of Bingham Associates Fund including the four "Bingham Trustees," and there is a Advisory Council made up of 25 persons in Maine. The corporate office of Bingham Associates Fund is located in Bethel, Gould Academy.

Now who are the four "Bingham Trustees" whom I mentioned? Mr. Bingham stated during his life a trust for charitable purposes of two individuals and the States Trust Company of New York are trustees. On his death his residuary estate another trust for charitable purposes. This trust of United States Trust Company and three individuals are trustees administered under the will of the State of Maine. The individuals who serve as trustees are: Sidney W. Davidson (who is a trustee of the trust), Ralph Lowell of Bethel, Robert T. Barr, whom you know, and who has served much of the recent trusteeship at Gould, and Mr. Vachon. There is a common belief that Mr. Bingham left a sum of money to be provided of his will this correct?

Mr. Throop: No. In fact which was admitted to probate by the Probate Court of Oxford County, Maine, he bequeathed \$1,000.00 to each of his fellow trustees of Gould Academy, except Mr. Davidson and Dr. Walters who request they be excluded. No where in the will is Gould mentioned. Mr. Bingham's entire residuary passed in trust to trustees to be used for charitable purposes as they from time to time deem pro-

NORWAY HOSPITAL ANNOUNCES PLANS FOR EXPANSION

The Stephens Memorial Hospital today announced its plans to raise the sum of \$225,860 for the building of an addition to the present structure, according to Howard W. Cole of Bethel, President of the Board of Trustees. The total cost of the much needed wing will be \$250,235, but the campaign starts with approximately 10% of the total already on hand.

For eight years the 23-bed hospital on Main Street in Norway has served an area populated by about 24,000 people, providing excellent patient care and many other hospital services for residents of an 18-town area. In spite of the loss through court action of the original Stephens hospital, which was to have provided substantial endowment, the trustees and administrators have been able through prudent management to operate without deficits and to build an endowment of invested funds.

For many months the need for more hospital beds has been obvious and even critical. Committees of the trustees under the chairmanship of John P. Colman of Norway and the members of the hospital staff have studied the problem from all view points for the two years and the final decision to build a new wing, increasing the bed capacity to 33, resulted in Mr. Cole's announcement today.

Although there has been a nationwide increase in the use of hospital facilities, the growth of Stephens Memorial has been so great that the hospital has experienced serious overcrowding and the consequent need on some occasions to discharge patients earlier than sound medical practice might dictate. The very active, loyal medical staff has seen the problem and has sought to cope with it by careful scheduling, but the demand simply exceeded the facilities.

The new wing will contain a new maternity section, which will free the old facility for recovery and intensive care units. By careful planning it is possible to use a single nurses' station to cover the present wing and the 3 single rooms and 8 double rooms of the new center. With some renovations in the present operating room suite and by moving of the present delivery room, two operating rooms will be available. Administrator Dempster W. Muffin reports that all changes and additions have met the State and Federal regulations for hospital construction. Also the State of Maine Health Facilities Planning Council has voted to endorse the building plan.

POPPY POSTER CONTEST WINNERS ANNOUNCED

Class I—1st prize to Randy Brock; 2nd prize to Holly Lane; 3rd prize to Carol Richardson. Class II—1st prize to Donna Brown; 2nd prize to Tyrone Sweetser; 3rd prize to David Crockett. Honorable mention to Danny Vogt and special mention to Randy Littlefield. The contest was conducted in the Bethel and Newry schools. Judges were Mrs. Sam McCoy, Mrs. George Bowhay and Miss Rosa Rozek.

MOAL TOUR TO BRIDGTON

Sunday May 16 the Greater Bethel Area MOAL's (Maine Obsolete Automobile League) members attended a tour at Pleasant Mountain in Bridgton.

There were about 15 antique cars present, two of which were from Bethel. After an excellent lunch in the lodge everyone went outside to look at the cars and talk to the owners.

At 1 o'clock the cars lined up for a tour to Hemlock Covered Bridge. Here they stopped to enjoy the beautiful view and inspect the reconstructed bridge (done by the State last year). The tour continued to Lovell, Sweden, and back to Pleasant Mountain.

Those attending were Donald Baker with his '31 Model A Ford, Diane Swain, Richard Praser, Linda Billings, Hugh Chapman with his '33 Chevy, and Lin Melain.

OVERBACH - LORD ENGAGEMENT

Mr. and Mrs. John S. Overbach announce the engagement of their daughter, Gretchen Snyder, to Pvt. Dwight O. Lord, U. S. A., son of Mr. and Mrs. Lawrence Lord, Bethel. Miss Overbach is a graduate of Abbot Academy, Andover, Mass., and is a student at Green Mountain College.

Private Lord, a graduate of Gould Academy, attended Northeastern University and Northeastern Business College. He is stationed in Frankfurt, Germany.

Miss Nancy Bouton of Dover, N. H., is visiting with Mr. and Mrs. John Greenleaf and family.

The intensive campaign for funds for construction is under the co-chairmanship of trustees Harold Wiley of Norway and Milton Allen of Otisfield. For the organization and direction of the drive the trustees have engaged the Reverend Herbert R. Houghton of Orono, formerly of Watford, who was the director of the very successful initial campaign for the hospital in 1956.

GIRL SCOUTS

Girl Scout leaders, troop committee members and badge consultants met Monday evening at the home of Mrs. Stanley Davis for a picnic supper. Those present were: Mrs. Dale Thurston, Mrs. E. K. Tibbets, Mrs. Ernest Angevine, Mrs. Donald Brown, Mrs. Frank Vogt, Mrs. James Hatchkins, Mrs. Dana Brooks, Mrs. Henry Robertson, Mrs. Robert Keniston, Mrs. Donald Cross, Mrs. John Greenleaf, Mrs. Joe Shinnamura.

All Brownies, Juniors and Cadette Girl Scouts are to meet at the Common on Tuesday, May 25, right after school to practice marching for the Memorial Day parade. All Girl Scouts met Sunday, May 30, at the Legion Rooms at 1:30.

The Kennebec Council sponsored a Cadette Camporee at Sebago Lake State Park in Naples this past week end. Some 250 Cadette Scouts, 65 seniors and 100 adults attended the three-day outing. "Wide Games" was the program in which the instruction and display of scouting skills was employed.
